MEMORANDUM FOR THE RECORD

SUBJECT : Concurrence in Contract No. SC-45-12 with The Perkin-Elmer Corporation, Norwalk, Conn., Project [REDACTED] 25X1A2d1 (AQUATONE).

1. This memorandum contains a recommendation submitted for approval of the Project Director. Such recommendation is set forth in Paragraph 5.

2. Contract No. SC-45-12 provides for the modification and overhaul of sixteen Mark I Tracking Cameras necessary to convert the cameras into Mark II Tracking Cameras for Project AQUATONE. The Contract is a fixed-price type having a target contract price of \$80,480 and a ceiling price of \$87,800, the latter amount including a 10% upward allowance as to cost for price redetermination purposes.

3. Contract No. SC-45-12 obligates \$87,800 chargeable to Fiscal Year 1958 AQUATONE funds. Of this amount, a total of \$60,000 already has been earmarked as available for this procurement by concurrence of the Project Comptroller under letters to the Contractor dated 20 November 1957, SAPC-21457, 16 December 1957, SAPC-22364 and 8 January 1958, SAPC-23103. By concurrence to this memorandum the Project Comptroller signifies that sufficient funds are available for this additional obligation.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956, which in effect results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 10(b) of Public Law 110, 81st Congress, for each contract.
